

# Girish & Himangi Rishi Student Travel Award Report & Reflection Template

---

## *JHU GKII Program Report*

Congratulations on completing your experience as a JHU fellow and Johns Hopkins Gupta-Klinsky India Institute (GKII) Girish & Himangi Rishi Student Travel Awardee!

We hope your experience in India was meaningful to your personal growth and academic endeavors, creating memories and connections that will last a lifetime.

As a final requirement for the grant, we request that you provide a written summary of the projects at your India Placement Site and a reflection of your experience throughout the program.

Please respond to the questions provided within this template and upload your completed report to the GKII Girish & Himangi Rishi Student Travel Award [Program Report Submission Form](#). We ask that you complete this step within 30 days upon return from India. Reach out to the GKII Team at [jhi@jh.edu](mailto:jhi@jh.edu) with any questions.

Thank you for your contributions – we wish you much success in your future pursuits and value your involvement in our Johns Hopkins GKII JHU India community!

### **Student Information:**

Full Name (First Name, Last Name):

India Site & Location:

Type of Placement:      Research      Practicum

Faculty Mentor (First Name, Last Name):

### **Scope of Work Overview:**

Please summarize your Placement Site Scope of Work (50-100 words):

### **Scope of Work Deliverables:**

Please state the deliverables you produced:

## Research Project Objectives & Methods:

Please state your initial research project objectives & methods:

## Program Learning Outcomes:

The following outcomes are intended as a result of this experiential co-curricular learning activity:

- Assess the effectiveness of public health interventions and policies in diverse cultural settings.
- Utilize data collected during field experiences to draw meaningful conclusions and make evidence-based recommendations.
- Apply research methodologies to design and implement a global health research project in collaboration with local partners in India.
- Reflect on personal and professional growth based on the experience in India, including insights gained, skills acquired, and challenges overcome.
- Analyze how the fellowship/travel grant experience has influenced perspectives on global health issues and cultural competence, and how these insights will inform future academic and professional pursuits.
- Evaluate the significance of the co-curricular learning experience in shaping career aspirations, research interests, and commitments to global health equity.
- Create a plan for integrating lessons learned from the experience into future academic and professional endeavors, demonstrating a commitment to lifelong learning and ethical global engagement.

## GKII Experiential Learning Rubric:

Review GKII's [Experiential Learning Rubric](#) to evaluate your performance throughout this program.

## Reflection Questions:

- How would you self-assess your contributions throughout the program according to GKII's Experiential Learning Rubric standards?
- In what ways do you feel you contributed most to the project at your India Placement Site?
- What was the most unexpected or surprising aspect of your experience in India, and how did it impact your perspective on global healthcare and research?
- Can you describe a memorable or impactful encounter you had while conducting your research and fieldwork in India, and how it influenced your perspective on the project?

- How have your interactions with local experts and professionals in the Indian healthcare field shaped your research methodology and approach; or how have your interactions with Indian culture and Indian professionals influenced your academic perspectives?
- What skills have you developed or refined through your participation in the program, and how do you plan to apply them in your future endeavors?
- How do you envision the future of your research project or work in India, especially in terms of potential benefits to both the local community and your broader field of study?
- In what ways has your involvement in this experience shaped your long-term goals and aspirations? How do you see yourself contributing to healthcare, policy, research, or business improvements, both in India and globally, in the future?

*Please feel free to share any other aspects of your experience with the GKII Program Team!*

## Additional Information

- **Photos:** With this report, please upload 2 high quality photos of your travel experience. *\*By uploading the photos, you agree to grant GKII permission to use the photos for program marketing and within program reports.*
- **Program Evaluation & Feedback Survey:** In addition to your Program Report, please complete our brief [Program Evaluation Survey](#). Upon completion of your Program Report and Program Evaluation Survey, GKII will email your digital Certificate of Completion upon request.
- **Testimonial:** GKII welcome your testimonials of your experience to inspire future fellows and to share your accomplishments with the wider JHU community! Please consider submitting your personal story through our online [Testimonial Form](#)!
