Dr. Amita Gupta, GKII Faculty Co-Chair, offers words of encouragement to Garish & Himangi Rishi Student Travel Award...

## Welcome Message from Dr. Amita Gupta

*"As a Faculty Co-Chair of the Gupta-Klinsky India Institute at Johns Hopkins, I'm happy to say congratulations to you as esteemed recipients of the GKII Girish and Himangi Rishi Travel Award!*

*For some of you, this may be the very first time exploring the beauty and diversity of India, and we are genuinely excited for all the adventures that lie ahead. To those returning to your roots, dedicating yourselves to research and giving back to your communities, a warm welcome home.*

*As you head to India to collaborate on global health projects, we want you to know that your insights and experiences will hold great meaning, not only for you but also for our partners in India. We look forward to hearing from you as you pursue your aspirations. You are now part of a community passionate about contributing to the broader goals of global health.*

*Once again, congratulations! We wish you all the success in the important work ahead, both through this grant and beyond as a GKII scholar."*

# Program Overview

Congratulations on being selected as recipients of the prestigious **Gupta-Klinsky India Institute (GKII) Girish & Himangi Rishi Student Travel Award!**

The GKII Team commends your dedication to advancing global health through research and your commitment to engaging with diverse communities around the world. Through this grant, GKII is honored to partner with JHU's Center for Global Health (CGH) through the Global Health Established Field Placements (GHEFP) program to fund your travel to India for international research and field work.

As you embark on this journey to India, we want to offer words of wisdom and inspiration for your international travel. India is a land of rich culture, profound history, and vibrant traditions. Embrace the diversity you will encounter and approach each experience with an open mind and a willingness to learn. Engage with locals, immerse yourself in the customs and rituals, and allow yourself to be transformed by the beauty of this remarkable country.

We look forward to supporting your international academic and practicum endeavors and to featuring your learnings and takeaways from the experience as a member of our esteemed JHU India community.

Again, we'd like to extend our sincerest congratulations to you! We wish you much success in the important work you are going to undertake through this grant and beyond.

In Partnership,

GKII Program Team

## Program Learning Objectives

- 1 Assess public health interventions and policies in diverse cultural settings.**
- 2 Design and implement a global health research project in collaboration with local Indian partners.**
- 3 Analyze how the travel grant has influenced perspectives on global health and cultural competence.**
- 4 Evaluate the significance of co-curricular learning in shaping career aspirations and commitments to global health equity.**
- 5 Reflect on personal and professional growth gained from the experience.**
- 6 Create a plan for integrating lessons learned into future academic and professional endeavors.**
